MICHIGAN NOW WOULD DEBAR JAPANESE

Migration of California Aliens Rouses Farmers to Quick Action

[Associated Press by Fed. Wireless.]
CALUMET, Mich., July 21.—Preparations are well under way for establishing a settlement of Pacific Coast Japanese truck gardeners from California in Alger county. The colony will number about four hundred. Plans for bringing the Japanese here have been under discussion for several days.
The plan is meeting with opposition. Farmers and union organizations are discussing methods of stopping the proposed influx, urging the enactment of a law excluding Japanese from the state.
A. M. Brown, secretary of the board of agriculture, says that he sees great danger to Michigan farmers in the Japanese movement, and he will lead a fight for a measure to bar them from the state.
J. J. Sidney, president of the Michigan Agricultural College, expressed similar views. Stanley Anderson, president of the Detroit Federation of Labor, said that the unions most certainly would join with the farmers to prevent Japanese labor being brought into the state.

SLIPSHOD METHODS SHOWN UP IN PROBE OF RAILROADS

[Associated Press by Fed. Wireless.]
SAN FRANCISCO, July 21.—An actual deficit of \$4,880,471 existed at the time of the last annual report of the United Railroads of San Francisco, according to the testimony of L. R. Reynolds, auditor for the railroad companies, at the hearing of the United Railroads case here yesterday. Of this amount, the sum of \$2,908,909 is unaccounted for in the books of the corporation available for the commission's perusal.
Secretary Lillenthal, signifying his willingness to produce the books of the Solano farm enterprise in which Patrick Calhoun is interested, said that to the best of his knowledge only \$300,000 of the United Railroads money went into the project. He stated that he did not know what became of the balance of \$1,096,000 which Calhoun took.

NEW HAVEN RAILROAD PROVES KNOTTY PROBLEM

[Associated Press by Fed. Wireless.]
WASHINGTON, July 21.—It is announced here that Attorney-general McReynolds will bring suit within a few days to separate the New Haven Railroad from the subsidiary trolley companies and steamship lines with which it is now connected. Strong resistance to the plan is not expected. President Wilson and members of the cabinet are to hold a conference and consider the case today.

DYNAMITE EXPLOSION AT CANAL CLAIMS FIVE LIVES

[Associated Press by Fed. Wireless.]
PANAMA, July 21.—The premature explosion of a quantity of dynamite in the Culebra slide her yesterday caused the death of five persons and the injury of eighteen others.

WOMEN OF ENGLAND ARE BREAKING DOWN ANCIENT PREJUDICES

[Associated Press.]
LONDON, July 21.—The women of England may yet be some way off from the day when they will be enfranchised, but they are slowly but surely breaking down old prejudices and securing minor advantages, which were before reserved for men. The latest concession is extended accommodations for women who wish to listen to the debates in the House of Lords, which generally is the last to establish new precedents. Some women have been dissatisfied with the accommodation afforded in the upper chamber, and the lords have set about remedying this. An order has just been issued instructing the "gentleman usher of the Black Rod to make especial use of the box below the bar, customarily occupied by him, for the purpose of providing accommodations during the debates of certain ladies, who, though not persons, are considered to have claims to attend the sittings of the house."
It is not disclosed who the favored ladies are, but the demand for seats probably arose from liberal ladies, who expect some interesting sessions during the Home Rule debates.

WHAT DYSPETICS SHOULD EAT

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisurated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal, take some of the bisurated magnesia as directed above, and see if I am not right." For sale by Hollister Drug Co., Benson, Smith & Co., and Chambers Drug Co.—advertisers.

"What's the matter with the man under the automobile?"
"I think he's got that run-down feeling."

GERMAN CRUISER NURNBERG SAILS FOR HONOLULU

[Associated Press by Fed. Wireless.]

"WELCOME HOME" DINNER FOR FORD AND JOE AT THE OUTRIGGER CLUB

A "welcome home" dinner will be given at the Outrigger club tomorrow evening by the members of the Hands-Around-the-Pacific club, and Alexander Hume Ford, recently returned from a tour of the Pacific, and his secretary, Joseph Stickney, will be the guests of honor. A number of snappy talks are on the program, the feature of which will be a brief resume of Mr. Ford's trip, delivered by himself. The dinner promises to be a good one, and a Hawaiian orchestra will furnish music throughout the evening. The price a plate will be one dollar and all members of the club are invited to be present and bring a friend.

PROCEEDS OF OIL LANDS WON'T GO TO NAVY DEPT.

GIRLS! GIRLS! TRY IT. BEAUTIFY YOUR HAIR

Make it thick, glossy, wavy, luxuriant and remove dandruff—Real surprise for you.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandeline hair cleanser." Just try this—moisten a cloth with a little Dandeline and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once, Dandeline dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yet really new hair, growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Dandeline from any druggist or toilet counter, and just try it—advertiser.

Each poet, to our great regret,
Is suking in his lair;
We haven't seen a sonnet yet
To green or purple hair.

PRINCE OF WALES AN ORDINARY MORTAL IS OPINION OF COMRADES

[Associated Press.]
LONDON, July 21.—The Prince of Wales, who has just completed two years at Oxford, is finding his exploits at that institution of learning under critical review in the newspapers. An undergraduate, who has had an opportunity to see much of this future king of England, notes his impressions in a seemingly frank manner.
"Viewed impartially," he says, "the prince's career has been neither better nor worse than that of the average titled undergraduate. He has embarked on many of the manly sports of youth, and excelled in none. Perhaps the best comment on his good spirit and lack of 'side' was the fact that he played consistently at association football with the Magdalen college second eleven."
"For a long time he was the despair of his equerry but as a concession to popular opinion, expressed and unexpressed, he has acquired some skill in the saddle, and with it some of the standing that falls only to hunting men at Oxford."

"That the prince should take an equal footing with all in undergraduate life was, of course, an innovation, as one might expect, by advantages and drawbacks. The curious interest with which he was pestered in his early weeks soon wore off, but the natural desire to be intimately associated with a prince as easy of access was harder to kill."

"Magdalen second eleven last season proved far more attractive to many men than the college senior team. Little or no concession has been made to his royalty. I saw him the other day waiting at the door of one of the leading doctors in Oxford. On the other hand, he has had freedom and ease which he will never again enjoy; he has mixed unostentatiously with people of all ranks; and he has endured bravely and well the discomforts of camp life as a private; and he has been treated with a quiet, well-bred respect by every member of the university."

The prince has rather startled his university companions lately by taking to the pipe and giving up, for the moment, the cigarette. A picture of him with the Oxford officers' training course shows the prince puffing at a great bull dog pipe, and apparently enjoying it. The next day, however, he left his regiment, which had not finished its training, and came to London. Gossips are saying that Queen Mary having seen the picture sent for him.

AMERICAN ARRESTED

HERMOSILLO, Mexico, July 21.—Major Plank, a special messenger sent by the president of the Sonora Land Commission to consult with General Obregon with a view of reaching an agreement on the land question in Sonora, was arrested here today by Governor Maytorena. It is said that he is threatened with execution as a traitor.

LITTLE EGYPT'S SPONSOR PASSES AWAY IN MAINE

[By Latest Mail.]
NEW YORK.—Herbert Barnum Seeley, for years pointed out on Broadway as the man who gave a dinner at Sherry's at which "Little Egypt" danced and which the police raided, is dead. News of his passing reached this city from Maine, where he had been living for some time in retirement.

Seeley was a grandson on his mother's side of Phineas T. Barnum, the showman, and inherited a large part of the \$4,000,000 Barnum fortune. He spent most of it, it is said, trying to be a "turk king."
It was on the evening of December 19, 1896, that he gave the dinner at Sherry's in honor of the approaching marriage of his brother Clinton. The dancers were engaged and plans made for a revel that would give the most blasé guest a thrill. The police, however, furnished the thrill. It was never settled what caused the leak, but one of the women entertainers divulged the program to Captain Chapman of the old Tenderloin station. About the time "Little Egypt" began to dance on a flower-laden table the patrolmen arrived.

"There is no use being down in the mouth, Jimson."
"No?"
"Suppose you were a Spanish property owner in Torreon."—Houston Post.

WILL PANAMA BECOME THE MONTE CARLO OF AMERICA IS QUESTION

[Associated Press.]
PANAMA, July 21.—Officials of the government of Panama have had considerable amusement at the published reports in Europe and the United States of a proposal, originating in France, to make of Panama a rival of Monte Carlo. It is declared with much positiveness that such a scheme has never been thought of in Panama and that the establishment of a great gambling pavilion here would never be allowed.
According to Ernesto T. LeFevre, secretary for foreign affairs, no capitalists of any foreign country have ever approached the Panama government with the view of obtaining a concession of this character. He said it would not be possible for such a concession to be granted for the reason that constitutional barriers were insurmountable.
On the other hand, Americans who have long been residents on the isthmus declare that anything is possible in Panama.
